# SHOW MUSIC ON RECORD

FROM THE 1890s TO THE 1980s

JACK RAYMOND

\*\*\*\*Here is an absorbing erudite 255 page chronological documentary of Show Music via recordings statistically compiled by JACK RAYMOND. For myself the book serves admirably as an elaborate research source bank with discographic dividends in abundance. You can contact the FREDERICK UNGAR PUBLISHING CO., INC., 250 Park Ave. South, New York N.Y. 10003 (phone 212 4737885) about the availability of this prime research book. Incidentally Jack Raymond who is one of our most distinguished Record Research Magazine subscribers has been currently involved in our Liberty Music Shop records serialized discographical research presentation.

## SHOW MUSIC ON RECORD

is a treasury for devotees—seasoned or new—of the American musical, on stage or television or in film. It is the first comprehensive listing of commercial recordings of that music, and includes composer performances and other selected recordings. This is a matchless reference, handy to use, ranging from *Robin Hood* in 1891 to the musicals of the 1980s.

Nearly 4,000 shows and musical films are represented, arranged chronologically according to their opening dates. English and other foreign shows are included if they had American productions. For each, the book gives:

- Composer • Orchestrator • Lyricist
- Conductor • Singers

For *Show Boat*, to give one example, there are more than thirty separate listings.

Other features: a detailed index of artists, and over one hundred unusual photographs, many showing actual recording sessions and previously unavailable for publication. Other illustrations: sheet music covers, album covers, *Playbill* covers, all from rare and beloved shows or musical films.

And from Stanley Green, author of *Encyclopedia of the Musical Theatre* and other distinguished theatre books:

I hate Jack Raymond's book! It is so fascinating, thorough, and painstakingly accurate that it keeps me from doing my work. Certainly it is something that has long been needed, and I'm sure will be enthusiastically welcomed by collectors... an extraordinary achievement.

JACK RAYMOND was born in Boston, studied in Grenoble, France, and at Cambridge University and Princeton. He is Director of Communications for a public utility in Washington, D.C. Winner of several filmmaking awards, he also owns a collection of historical phonograph records that had been reissued in part by the Smithsonian Institution.

# the H<sup>3</sup> chrono-matrix file!

from ed. LK:

## Harold H. Hartel

 HAROLD H. HARTEL  
 55 Bane Street  
 Newton Falls Ohio 44444

The file is the brainchild chronological listing with concurring phonograph record matrix (master) numbering by HAROLD H. HARTEL who uses the abbreviated H<sup>3</sup> signet to authenticate himself. Harold has ingeniously 'ravished' the pages of Brian Rust's 4th edition, 2-volume, 1996 page compendium, JAZZ RECORDS 1897-1942. Harold has systematically selected the earliest JR entries in 11897, and has proceeded to carry the chronology (chrono) up through the years. In order to fully appreciate Harold's chrono-Matrix file it is imperative to have Rust's 2-volume set where the real concentrated documentation does lie. For those who do not have these 4th edition volumes -and would like to get them, please write to RR (send return sae or postcard) and we will give you a lead. Harold has also referred to another volume in his files -that being the Godrich-Dixon BLUES and GOSPEL work. Qwin to the fact that this volume is now out-of-print, the original as well as the 2nd edition, -and that much of the material has been incorporated into Rust's 4th edition, the original B&G(BG) pages that Harold lists, serve only as a source chain to Rust's 4th edition of his JR.

Now for a brief explanation of H<sup>3</sup> Chrono-Matrix files. Any underlined matrix number is presumed to be rejected (eg. Nov. 24, 1903, C-746-1). And if you see a hyphen in a column where the numerical of the date appears -that means that "during the month, definite date unknown" (eg. see April 1922 OM5 - Gynsy Blues 20139-2). There's a heck of a lot of abbreviations in the listing. The seasoned researcher will know most of them. Rust's JR volumes will certainly help, too!

## DIEDRICH TOBORG

September 22, 1931 - October 21, 1983

"...The mountain calls and I must go  
Far distant hills  
It calls my name and I must wander  
Into the hills...

But everybody has a hill to climb  
and in the process you come face  
to face with shadows.

There are no shadows on top of the hill.  
It's warm...It's safe.

I'll climb the hill that calls my name."

## THE COMPLETE CAPITOL DISCOGRAPHY

By D. TOBORG PART THREE

1962 to 1973

What follows is probably the most extensive Capitol Records research that has ever been attempted by anyone. It was put together from the actual work books of Ken Nelson and Lee Gillette shortly before they left Capitol.

When Johnny Bond first contacted me about using the Ritter discography and I wrote him that mine was incomplete because we could not get Capitol cooperation he contacted Bill Boyd at Capitol. Boyd had a complete title listing typed up but we found this to be inadequate. Only the master numbers of the initial releases were noted but not the master numbers of subsequent rerecordings. Bond then went to Frank Jones, a Capitol Vice President in charge of Country/Western releases, in regards to his Ritter Biography The Tex Ritter Story (RR 146/147) and Jones promised Bond Capitol's full cooperation. Ken Nelson and Lee Gillette supplied Bond with their work books and Bond passed Xeroxes on to Ed Tabor and myself. Then began the pain staking job of each of us typing up a list which spanned 30 years of Capitol's history and comparing it. As might be expected there were discrepancies and sessions which were left out. Ed met with Ken Nelson and the result was that most of the discrepancies were resolved.

+++ With deep regret we herewith announce the loss of an astute colleague, **DIEDRICH "DICK" TOBORG**, whose dedication and erudition built his research on Tex Ritter into an engrossing science. From his initial research on Tex in our Record Research issue no. 108 (Dec. 1970) right up through our present issues we have had the pleasure to witness the amazing growth of his comprehension about the life, time and especially the recorded output of his idol, Tex Ritter. It would be difficult to estimate of how little there may have been known about the intricacies of Tex Ritter's recording career if it had not been researched via Toborg. One of the most fascinating and rewarding aspects of his Tex Ritter research was his probe into the mechanizations of Capitol Records as far as their bookkeeping documentation of their recording product was concerned. His great interest in Tex Ritter led to his determination to learn about Tex's recording adventures for Capitol. Through the cooperation of key Capitol execs plus artists like Johnny Bond he was able to effect the advancement of his knowledge about Tex and Capitol. Along with this knowledge came an inundation of recording company statistics which up to this point had been largely shadowed in obscurity. In fact Toborg's diligent Capitol Ritter research opened the door to show how Capitol Records worked the statistical documentation of their very complicated vast recording sessions. Matrices, recording dates, issuance numbers, personnels etc. are all included in Toborg's presentations. We are happy to report that we shall complete Dick's Ritter - Capitol research in forthcoming columns in RR.

In his last days Dick dictated his last research article for us to his brother Fred - and we are indeed honored herewith to publish it.....

### "An Unknown Tex Ritter Recording"

by D. Toborg

Sometime back I received a letter from a subscriber who wrote that he had a recording of High Noon whose origin he couldn't ascertain. This was English Capitol Release CL13778. High Noon (MSC-126), Boogie Woogie Cowboy (5439). We had been led to believe this was Capitol (10485) which apparently it wasn't.

I asked the Record Research audience to help me acquire a copy of this release. Thanks to the response of England's Mr. David Griffiths, a copy was forthcoming. This is definitely an alternate release.

In the early days of Capitol they did not have the resources to re-release their own product in the British Isles. They relied on British Decca. When the American Master Number was unknown, they supplied a holding number. The (MSC-126) is a holding number. What is strange is that a British conductor, Johnny Douglas, is listed on the label. This means the recording was made in England.

Why? There was a subsequent release CL13768 High Noon/There Shall Be Shadows of Blessings (9770). I have not had access to this record. I would like to know the master number from the shellac.

\* \* \*

When Johnny Bond wrote The Tex Ritter Story, he wrote that Mrs. Ritter kept insisting the High Noon ballad had been recorded in England. Capitol's notebooks belied this.

Bond's book also mentions that when Tex Ritter did the sound track, he went to Capitol to make a commercial release but they turned it down stating that Western music and show tunes were dead. It was only after Mitch Miller at Columbia announced that Frankie Lane was going to record the High Noon ballad that Ritter was rushed to Capitol studio and his version was eventually recorded. My thought is that between these dates Ritter was in England on tour and was persuaded to make the Douglas recording at that time. With a master in the vaults, logic states that this master was released in England. Thanks to the help of the British Musicians Union, I was able to make contact with Mr. Douglas. He couldn't shed any light on the recording. I wrote Mrs. Ritter c/o the fan club and they said she would answer should she choose to. As of this date she has not answered. The record exists and for those who may want to track it down. Happy Hunting!

There are some Capitol prefixes which may need some clarification. T is the monaural LP listing. (S)T means it was released in both mono and stereo. (D)T is Duophonic sound recordings released in both mono and stereo. ST means it was only released in stereo. EAP is the Extended Play code as regards 45 EP recordings. Some of the multi artist LPs have the number of records identified within the prefix. STBB is a 2 record set and STEL is a 6 record set. PROM is the promotional code. I am almost certain that there are promotional releases of all recordings but we have only listed those promotional recordings which have become known to us.

Corrections and additions are welcome especially as far as Nelson and Gillette unverified release numbers goes.

The footnotes on the following research refer to these numbers:

- (1) On Ken Nelson's list unverified by us.
- (2) On Lee Gillette's list unverified by us.
- (3) On Ken Nelson's and Lee Gillette's lists unverified by us.
- (4) We believe this to be an alternate take.

BLACK PATTI RECORDS ARTISTS PHOTORAMA - Part 1 (cont'd). As a rule of thumb it must be indicated that the photos should not be judged to be concurrent with the referred (Ref.) Black Patti recordings catalog numbers. Further more Black Patti derived its material from Gennett Records and most of the BP artists were also on Gennett and other matrix affiliated labels like Champion, Bell, Challenge, Paramount, Herwin, Silvertone, etc. with Champion, etc. utilizing various pseudonyms. Of course the extraordinary rare Black Patti's are those items which only came out on BP. Needless-to-say all BPs are extremely rare and perhaps the most sought after recordings.

(BLACKBIRDS OF PARADISE - Ref. BP 8053 -photo from 1927 Gennett Race catalog which refers to them as "college boys from Tuskegee Institute". Personnel of group was originally listed in the August 6, 1927 issue of the Chicago Defender).

(FRANKIE HALF PINT JAXON - Ref.BP 8040 -with chorus at old Sunset Cafe, Chicago - photo by Woodard studios via article, "Thirty Years of Chicago Jazz" by Paul Eduard Miller).

(TINY PARHAM - Ref. BP 8038 (reverse of George Osborn Orch.) - photo from Keepnews-Grauer "A Pictorial History Of Jazz").

(J. MAYO WILLIAMS - Ref.Black Patti Records originator - major recording mogul - great admirer of Sissieretta Jones, the "Black Patti" - rare photo from Paramount Records advert. via Dixon-Gedrich's, "Recording The Blues" booklet. Biog. appeared in Southern's "Biographical Dictionary of Afro-American Musicians").

(Dr.HENRY HUGH PROCTOR, A.B., B.D., D.D. -Ref. BP 8017 -(Nazarene Congregational Church, Brooklyn N.Y.) - photo from "Who's Who in Colored America"Vol.1 1927 by J.J.Boris. Biog. also appeared in Southern's "Biographical Dictionary of Afro-American Musicians").

(VERNON DALHART -ref.BP 8027 - photo from sheet music cover).

(JAYBIRD COLEMAN - Ref.BP 8052 - photo taken during World War One days - photo courtesy of Pat Cather).

(SAM COLLINS -ref.BP 8026 - photo from 1927 Gennett Race catalog).

(GEORGE OSBORN Orch. of Minneapolis -ref BP.8038 - photo from sheet music cover). The photo lists them as Vocalion Record Artists, too. (to be continued)

Label of the Month: Back into antiquity we go for this one. It is one-sided and sounds to us to be pre-1910 in origin. The label is Nassau and is black with gold scroll, lettering and border. Title is *Maxims* and artist is Percy Hemus. Catalog number is B-39. The reverse is blank without grooves or design. There is a small square label pasted on the back referring to patent rights and it mentions that the record is sold for use on all mechanical feed-device machines and upon all licensed Victor, Columbia, and Zonophone machines. No jazz value is to be found here and it is just a baritone solo with orchestra accompaniment. If the label did not live through to the twenties, it is not likely that there will be any jazz on it at all. There is one number to be found in raised typescript numerals in the wax outside of the label. The numbers are reversed and upside down followed by a right side up capital D. They are either 9199 or 9919 (probably the latter). Anyone know anything about this label?

# DIGGIN' THE GROOVES

BOB DAVENPORT

The end of '83 found me with a HUGE stack of reissues to report on in this current issue of RR, and because of the number I will have to be brief if I'm going to cram it all in the space allotted me. So, let's get with it!

We begin with Joyce Music Corp. (Box 184, Zephyrhills, Fla 33599) and the latest 10 releases sent me:

- Ajazz 405:** "The Later Tommy Dorsey, Vol. 4"...and that means the 1951/52 period when TD featured Francis Irvin, Buddy Stark, Charlie Shavers, The Rhythmairs, and the fine voice of Bob London on vocals. Nice!
- Ajazz 406:** "Woody Herman In Disco Order, Vol. 29", which takes us up to the 1952 studio sessions with the Herd. Woody and Dolly Houston share vocal honors.
- Ajazz 407:** "The Complete Raymond Scott, Vol. 5". Here we go back to '41 and '42. Side I has Gloria Hart and Clyde Burke sharing the "mike", while Side II features several of those great Scott instrumentals.
- Ajazz 408:** "The Complete Teddy Powell, Vol. 2". Nice to hear this sometime overlooked band from back in 1940/41. Ruthie Gaylor, Jimmy Blair & The Teddy Bears vocalize.
- Joyce 1114:** "One Night Stand With Harry James at the Click". This is the 1947 James band in a remote. Marion Morgan, Buddy DiVito and Tiny Timbrell do the singing.
- Joyce 1115:** "One Night Stand with Ray McKinley at the Meadowbrook" is another remote, this time from June 1946. Ray and the boys havin' a ball.
- Joyce 1116:** "One Night Stand With Shep Fields at the Copacabana, 1944". But no Ripling Rhythm here! Side II winds up with 5 selections by the Richard Himber band doing one of those defense plant broadcasts.
- Joyce 1117:** "One Night Stand With Bing Crosby", which is a Kraft Music Hall broadcast in 1944. Along with Bing we find Bob Hope, Marilyn Maxwell and The Music Maids.
- Joyce 1118:** "One Night Stand With Jan Garber and Guy Lombardo". Jan's air shot is from 1944, while Guy's is from 1945.
- Joyce 6031:** One of my favorite items from Joyce is their "Big Bands Greatest Vocalists" series, and this one is no exception. Bea Wain is spotlighted with the Larry Clinto band way back in 1938. What a singer! What a band!

- We journey now to the Northwest and Spokane Records (P.O. Box 724, Redmond, Wa 98052-0724) and 5 interesting items:
- Spokane 22:** "Bing & Bob". Once again a Kraft radio show, and Bing is joined by Bob Hope, Marilyn Maxwell and The Charioteers.
- Aircheck 32:** "Benny Goodman On the Air", Vol. 2. These are those great Camel Caravan air shots from 1939 featuring Johnny Mercer, and Louise Tobin was the canary with BG.
- Aircheck 34:** "Benny Goodman On the Air", Vol 3. More of the same!
- Aircheck 37:** "Will Osborne On the Air". One of my favorites is this remote from the Casa Manana in Culver City on two different air shots from 1940. The maestro and Barbara Bush handle to vocal chores, and nicely.

Now to RCA (no address. Check your local stores for these as RCA does not sell direct):

- AFL1-4741:** "Tommy Dorsey/Frank Sinatra, Radio Years, 1940-42". We are told that this is the last in this series. As an added feature they have included those first studio masters with Frank and the orchestra directed by Axel Stordahl.
- XRL1-4746:** "Kitten on the Keys" is the music of Zez Confrey as interpreted by Dick Hyman at the piano, and very tasty.
- AFL104683:** "It's About Time" features John Denver, one of the more talented and nicer contemporary artists. The guy has class.
- AHL1-4826:** "Waylon and Company", with Waylon Jennings playing host to a host of guests, including Jerry Reed, Hank Williams, Jr., Ernie Tubbs, Emmylou Harris, Willie Nelson, Tony Joe White, Jessi Colter (Mrs. Waylon Jennings), Mel Tillis, and James Garner. (That's right! - - James Garner!!!!) I liked it!
- AFL1-4320:** "Planet Earth Rock and Roll Orch.", with Paul Kantner, Grace Slick, etc. in some fine contemporary sound.

The latest RCA release hasn't arrived in time for inclusion here, but I can tell it will feature such artists as Elvis Presley, Pointer Sisters, Rodney Dangerfield, Larry Elgart & His Hooked On Swing Orch. etc., and will be reviewed in the next issue.

One item I must tell you about from Progressive Records (P.O. Box 500, Trifton, Ga 31793). The number is Prog. 7070 and features Stan Mark & His New Big Band. What we have here is a super big band/ jazz sound, and it's nice to know that people are still playing this kind of music. Progressive is to be congratulated for releasing it.

The so-called "Fall Release" from Hindsight still hasn't arrived as I write this. But I can tell you that it should feature these artists: Henry Busse, Horace Heidt, Stan Kenton, Alvino Rey, Will Osborne, Les Brown and Frankie Laine. That's all the info I have, and would indicate that the release may not be as large as it has in the past. Will keep you posted.

And that does it! Hope there's some music for your ears in some of the above. - - - Would like to add my belated best wishes for a very Happy New Year, and may your records spin on forever. Also, if you're still diggin' around looking for old 78's (you remember those things that spun around your turntable like crazy!) I hope you have happy hunting.

Your comments and questions may be sent to me direct at 221 Prune Tree Dr., Healdsburg, Ca 95448, but please, a s.s.a.e!
